CLAIM REVIEW PROCESS

1.1 AREAS OF CONSIDERATION FOR AWARDING COMPENSATION:

The Crime Victim Compensation Board (hereafter CVC Board) conducts an open, fair and equitable application and award process for compensation claims, including but not limited to, the following areas of consideration:

A. Eligibility based on criteria set forth in C.R.S. §24-4.1-108;

B. Determination of a compensable loss as defined in C.R.S. §24-4.1-109(1);

C. The Board may waive any of the requirements set forth in C.R.S. §24-4.1-108, or the limitations set forth in C.R.S. §24-4.1-109(1), or order a denial or reduction of an award if, in the interest of justice, it is so required.

1.2 USE OF APPLICATION:

The CVC Board will utilize the common application that contains standardized information for all crime victim compensation claims. The written application for all applicants includes the following elements:

A. Clear and concise instructions as to how to complete the application form, a program telephone number and address for additional assistance or information;

B. General victim identification information including: name, address, phone number, date of birth, gender, physical or emotional disability at the time of the crime, race/ethnicity, social security number, and source of referral;

C. The date, location and type of crime, information about the crime report and the law enforcement agency that the crime was reported to, and information about the perpetrator, if known;

D. Itemized documentation of compensable expenses, if known. If not known, instructions as to the process for submission at a later date.

E. Disclosure of insurance coverage and any other collateral sources of payment or reimbursement;

F. The claimant’s or claimant’s legal guardian’s written authorization for release of information from service providers, creditors and employers;

G. Attestation to the truthfulness of the information contained in the application;

H. Signature of the claimant or claimant’s legal guardian;
I. A subrogation agreement;

J. A statement advising of the availability of an alternative application process if there is a conflict of interest between the claimant or the claimant’s legal guardian and two or more Board members;

K. A statement advising the claimant or claimant’s legal guardian’s right to request a reconsideration of the Board’s decisions and information regarding the specifics of the reconsideration process;

L. A statement advising the claimant or claimant’s legal guardian’s right to have the Board’s decisions reviewed by the district court after denial of the Board’s reconsideration; and

M. Authorization for release of CVC funds directly to a service provider for approved services provided.

1.3 LAW ENFORCEMENT REPORTS

The CVC Board will utilize only written documentation from a law enforcement agency to establish a compensable crime. The fact that the identity of the perpetrator is unknown, or that the perpetrator has not, or will not, be prosecuted or convicted shall not raise a presumption that a compensation claim is invalid. The written documentation will be submitted in a report style format or on official agency letterhead and is to include:

A. Location of alleged crime;

B. Date of alleged crime, or date of outcry;

C. Date alleged crime was reported to law enforcement;

D. Type of crime;

E. Name of victim;

F. Relationship of victim to alleged perpetrator, if any, and if known at the time that the written documentation is being prepared;

G. Name of responding officer and/or assigned investigating officer; and
H. Agency case or report number.

The Board shall accept a memo from the lead detective or investigator, at the discretion of the CVC Administrator, with the information listed above when a victim is requesting an emergency claim review. By majority vote the Board may accept a memo in lieu of a police report for non-emergency claims with special circumstances.

1.4 CLAIM FILE

All compensation claim files will include the following:

A. Documentation of a compensable crime, i.e. report from a law enforcement agency;

B. A completed application signed by the claimant or claimant’s legal guardian;

C. Written documentation of expenses that can be verified;

D. If applicable, a written treatment plan from the primary mental health therapist; and

E. Copies of correspondence received from and sent to the claimant.

1.5 REVIEW OF APPLICATIONS

The CVC Board will maintain a standard and equitable process for the receipt, verification and review of all compensation claimants and application requests as well as for the approval, denial and disbursement of compensation funds. The CVC Board delegates authority to the CVC Program Coordinator or designee to determine if an application is complete. This process shall include the following elements:

A. Applications will be taken to the CVC Board when complete. A complete application includes:

1) An application signed, initialed and dated by the claimant or claimant’s legal guardian;

2) The application indicates, or is submitted with, written bills or estimates, or specific compensable loss(es) are identified and can be verified either verbally or in writing;

3) Insurance information including any private source or public aid that the claimant or victim is entitled;

4) An offense report that states the date, location and type of crime and includes basic narrative information about the crime from the law enforcement agency responsible for the investigation of the alleged criminal act(s).
B. The legal advisor will assist the Board and the CVC Program Coordinator as requested and needed in the determination of claim eligibility and to ensure there is no conflict of interest.

1.6 ADMINISTRATIVE DENIAL
The CVC Board delegates administrative authority to the CVC Program Coordinator or designee to make a denial determination after review of a completed application, law enforcement report and request for payment from the fund according to statutory eligibility criteria. Compensation claims may be administratively denied based upon one or more of the following criteria:

A. **No Loss(es)**
   - Losses requested were paid from other source(s). [C.R.S. §24-4.1-110]
   - Losses were not directly related to criminal incident. [C.R.S. §24-4.1-105]
   - Losses are not provided for by statute. [C.R.S. §24-4.1-109]

B. **Non-Compensable Crime**
   - The criminal incident as described in law enforcement offense report is not defined as compensable pursuant to Colorado Revised Statutes. [C.R.S. §24-4.1-102]

C. **No Law Enforcement Offense Report**
   - There is no offense report available from a law enforcement agency that documents a criminal incident has occurred pursuant to Colorado Revised Statutes. [C.R.S. §24-4.1-108(b)]

D. **No Crime**
   - The facts as reported to law enforcement fail to show that a criminal act was committed as defined by Colorado Revised Statutes. [C.R.S. §24-4.1-102.4]

A letter will be sent to the crime victim or claimant from the Coordinator or designee to suggest ineligibility with notification that the claim has been denied and detail one or more of the above listed factors. This letter will contain information that the crime victim or claimant will not be allowed to request reconsideration of the Board’s decision unless the factor that directly contributes to the reason for denial has changed or will change. The applicant will be informed that they have a right to seek review of the Board’s decision according to Colorado rules of civil procedure. All administrative denials will be reviewed by the Board and will be documented in the minutes of the Board meeting.

1.7 ADMINISTRATIVE APPROVAL
The CVC Board delegates administrative authority to the CVC Program Coordinator or designee to make an approval determination after review of a completed application, law enforcement report and request for payment from the fund according to statutory eligibility criteria. The CVC Board will review and confirm all claims administratively approved. Compensation claims may be administratively approved based upon one or more of the following criteria:
A. **Emergency Awards $500 or Less**
Losses are for residential property repair or damage that are necessary to ensure victim safety. C.R.S. §24-4.109(II)

Losses are medically necessary devices as determined by a medical professional, including prescriptions, dentures, eyeglasses, hearing aids or other prosthetic devices. C.R.S. §24-4.109(a)

Losses are support for dependents or earnings that, if not immediately paid, will result in an undue hardship to the claimant. C.R.S. §24-4.109(b)(f)

B. **Initial Mental Health Therapy**
Request is for encumbrance of $240.00 for initial mental health therapy and accompanies no other request for assistance. C.R.S. §24-4.109(g)

C. **Re-Assessment Mental Health**
Requests for change of therapist or requests to return to therapy after an expired encumbrance. Requests made by claimants that have reached the fiscal limitations for mental health will be reviewed by the Board.

D. **Court Related Therapy**
Request is for encumbrance of mental health therapy specific to scheduled court hearings, involving the criminal case out of which the compensation claim arose, up to ten sessions or a maximum of $800.00. These funds must be requested, in a letter format, by the treating therapist. The letter must specifically request treatment for COURT SESSIONS and include the name of the client, dates of service, length of treatment session and billing amount for each session.

E. **Return Medical Requests**
After the Board has made an initial medical approval on a claim the Coordinator will review additional medical requests and may process the claim for immediate payment. As long as subsequent medical requests have been verified as crime related and are compensable losses, the requests will not be presented to the Board. Medical treatment plans, mental health holds and invoices that the Coordinator deems questionable will be presented to the Board.

1.8 **ALTERNATE APPLICATION PROCESS**

If a claimant or claimant’s guardian expresses a conflict of interest with two or more CVC Board members, the procedures outlined below will be followed:

A. The claimant or claimant’s legal guardian may submit a written request for an alternate application process to be considered by the Board. The CVC Program Coordinator or designee will take the written request to the Board at the next regularly scheduled meeting. At that meeting, the CVC Board will determine if such a conflict exists prior to consideration of any payment of the compensation claim. Written request of an alternate application process does not guarantee approval of the request.
B. Review of any written request for an alternate application process will be documented in the minutes of the meeting at which the request was considered.

C. The claimant will be notified, in writing, of the Board's decision regarding alternate review of the compensation application.

D. If a conflict is determined to exist by the 17th Judicial District CVC Board, the CVC Program Coordinator or designee will forward a copy of the claimant's application to an adjacent CVC Board. If needed, the Division of Criminal Justice may be asked to assist in determining an alternate CVC Board.

E. The alternate CVC Board will honor the written payment policies of the 17th Judicial District. Disbursement of compensation funds for decisions made in this manner remains with the 17th Judicial District CVC Board. If the claim is denied, the victim has the right to request a reconsideration of the decision by the CVC Board that made the denial determination. All documents will be returned to the originating Board.

F. The alternate CVC Board will notify the 17th Judicial District of the decision following the approval or denial of a claimant's application.

G. The 17th Judicial District CVC Board agrees to honor the decision of the CVC Board that it may serve in the review and determination of an alternate application.

H. Disbursement of compensation funds for decisions made by the 17th Judicial District CVC Board regarding an alternate application remain with the originating CVC Board.

I. Disbursement of compensation funds for decisions made by the deciding CVC Board regarding an alternate application remain with the 17th Judicial District CVC Board.

J. If it is found that a conflict exists with staff of the CVC Program, every effort will be made to maintain an “ethical wall” between the applicant and the staff member with whom the conflict or potential conflict exists either by sending the application to an alternate judicial district or by having another CVC staff person or legal advisor process the claim.

1.9 PRIORITY OF CLAIMANT CONSIDERATION

The CVC Board will accept applications from primary and secondary victims, dependents and relatives. The definitions followed for each claimant category are established by statute and are listed in the Glossary of Terms. The CVC Board will review each application individually and consider disbursement of compensation funds with priority given to claims submitted by primary victims.
1.10 CONSIDERATION OF MENTAL HEALTH TREATMENT REQUESTS

Program policies and procedures are structured by the CVC Board to facilitate payment of mental health therapy with the highest priority on the best interest of the compensation applicant. Fiscal limitations preclude the availability of compensation funds that may be necessary to affect complete trauma recovery. Mental health treatment provider qualifications and payment guidelines are outlined in the Fiscal Policies of the CVC Board’s Policies and Procedures. Qualifications and payment guidelines are reviewed annually. Written documentation will be kept of the dates of review and any revisions made.

1.11 CONSIDERATION OF PROPERTY DAMAGE REQUESTS

Fiscal limitations preclude the availability of compensation funds that may be necessary to restore the exterior or interior of a residence that has been damaged during the course of, or as a result of, a criminal event. The CVC Board will review each request submitted for residential property damage based upon the application review criteria established in the CVC Board’s Policies and Procedures.

The CVC Board will consider requests for property damage in the following:

A. Situations where the property is listed in a law enforcement offense report as a place of personal residency, the damage is documented in the offense report, and the damage is to exterior locks, windows or doors; and

B. The crime as reported in a law enforcement agency offense report is compensable pursuant to C.R.S. 24-4.1-102(4)(a) and repair, replacement or modification of items to a personal residence are necessary to effect the physical safety of a victim immediately following a criminal event.

C. Crime scene clean up will be limited to situations involving the removal of body fluids, from residential properties, that are the result of a compensable crime.

1.12 CONSIDERATION OF DOLLAR AMOUNT LIMITATIONS

A. The CVC Board may consider waiving any eligibility requirement(s) listed under C.R.S. §24-4.1-108, or the limitations set forth in C.R.S. §24-4.1-109(1), if it determines that good cause exists and/or undue hardship will result to the applicant if the claim is denied. The CVC Board may also deny or reduce all or part of a compensation claim request in the interest of justice if good cause exists. Waivers will be documented in the CVC Board meeting minutes.

B. Policies established by the CVC Board for dollar amount limitations that are less than the maximum that could be awarded by statute will be documented in the CVC Board’s Policies and Procedures, Section 13, Fiscal Policies.
C. The CVC Board’s Fiscal Policies are reviewed annually, or as determined as necessary by
the CVC Board to ensure judicious allocation of monies from the Crime Victim
Compensation fund. Written documentation will be kept of the dates of review and any
revisions made to all Fiscal Policies of the CVC Board.
